

Conference Dinner

The Guggenheim Experience

21 November 2024

The iconic Guggenheim Museum will open its doors exclusively for our participants after hours on the 21st of November.

You will have the unique opportunity to join guided tours of the museum, where expert guides will lead small groups through its iconic spaces, sharing insights into the museum's architecture and remarkable collection.

Following the tour, we will gather for a networking-style conference dinner in the main hall of the museum, offering a perfect blend of culture, conversation, and connections.

Meeting point at 19:15
